

Audrain County Commission

101 N. Jefferson St. - Room 102
Mexico, Missouri 65265

To the patrons in Audrain County Common Road District #1

DUST CONTROL POLICY

Patrons who self-apply dust control on the county road must contact the Road & Bridge Dept. ahead of time @573-473-5895. This will help the County to maintain a list of areas that have been treated. The County will supply a sign for you to mark the area that is treated. The sign must be attached to a 5 ft stake/post by the road letting operators know that it is a treated area. (This is a must.) The County reserves the right to blade treated areas as needed to maintain a safe road surface for all who travel the roads. The County will not be responsible for areas that have been bladed as a result of needing maintenance or that have not been properly marked. Signs may be picked up at the Road and Bridge Department, Room 206 in the Audrain County Courthouse.
